

PORTA-DAVIT® 500

Easy transport and manual assembly without compromising on strength or safety (up to 500kg). Custom configurations with industry-leading delivery times.

Quality & Safety Accreditations

Quality and Safety are key themes throughout this document and the REID Lifting ethos.

It is with this in mind that we have undertaken external accreditations to ensure we stay focused on what is important to our clients and users, and ahead of market trends and developments in Safety and Quality systems. REID Lifting has been successfully audited by Lloyds Register (LRQA) for approval of its Integrated Management System combining quality systems management, environmental issues and the Health and Safety practices within the company.

REID Lifting holds the following certifications:

ISO 9001 - Specifies requirements for a quality management system for any organisation that needs to demonstrate its ability to consistently provide product that meets customer and applicable regulatory requirements and aims to enhance customer satisfaction.

ISO 14001 - Specifies the requirements for implementing environmental management systems throughout all areas of the company.

OHSAS 18001 - Occupational health and safety managements systems.

LEEA Membership - REID Lifting Ltd is a full member of the Lifting Equipment Engineers Association (membership 000897). REID Lifting conforms to the main aims of the

Association which is to achieve the highest standards of quality and integrity in the operations of members. Their entry qualifications are demanding and strictly enforced through technical audits based on the Technical Requirements for Members.

Conformité Européenne (CE)

REID Lifting's products have been designed, tested and approved (as appropriate) by the Conformité Européenne (French for European Conformity).

This certifies that REID Lifting's products meet the demands of the European Directives regarding Health and Safety requirements.

The Queen's Award for Enterprise Innovation:

REID Lifting Ltd has been awarded this prestigious award for innovative design and development of lightweight, portable and safe lifting solutions.

Testing

Testing and Technical File review are integral parts of our design and manufacturing process – to externally verify the products, where appropriate, using government approved Notified Bodies.

All REID Lifting products are type tested at NAMAS accredited laboratories and every individual system is tested to 150% of WLL rating.

Full product design & development Technical Files are available for inspection.

	Certificate no: EC07/00002 Page 1 of 2
	EC TYPE EXAMINATION CERTIFICATE
Office: Coventry	
Date: 10 April 2007	
This certificate is issued to Reid Lifting Limited to certify that Lloyd's Register Verification, an Approved Body under the terms of The Machinery Directive 98/37/EC of 22 June 1998 did undertake an EC Type Examination on the stated product for compliance with the essential health and safety requirements of the Directive. The product identified below was shown to comply.	
APPLICANT	Reid Lifting Limited Unit 3, Bulwark Business Park, Bulwark Road, Chepstow, Monmouthshire, NP16 5JG
PRODUCT DESCRIPTION	Porta- Base 90, 180, 270, 360 – Portable socket for incorporation with Porta-Davit 500R
TYPE	Portable Base/socket for Lifting davit or Slewing Jib crane (Man-riding Applications – 120Kg at a radius up to 1.0 metre) (Goods application – 500Kg at a radius up to 1.0 metre)
The attached LR Design Appraisal Document EC07/00002 details the content of the Technical Construction File and shall form a part of this certificate.	
"This certificate is not valid for equipment, the design, ratings or operating parameters of which have been varied from the specimen tested. The manufacturer should notify LR of any modifications or changes to the equipment in order to obtain a valid certificate."	
LR EC Distinguishing Number 0038	
S.M.Williams Surveyor to Lloyd's Register Verification A member of the Lloyd's Register Group	
<small>Lloyd's Register, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as the 'Lloyd's Register Group'. The Lloyd's Register Group assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register Group entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract. EC DECLARATION OF CONFORMITY of a machine within the Machinery Directive 2006/42/EC Annex II 1 A

We the undersigned:

REID LIFTING LIMITED

Registered in England No. 3896652. Registered Office: Unit 1 Severnlink, Newhouse Farm Industrial Estate, Chepstow, Monmouthshire NP16 6UN
Tel: +44 (0)1291 620796 Fax: +44 (0)1291 626490
enquiries@reidlifting.com www.reidlifting.com

Hereby declare that the design, construction and marketing of the equipment described below are in accordance with the Machinery Directive (2006/42/EC) and the regulations transposing it into national law.

Description of Equipment: PORTA-DAVIT 500 and its variants for incorporation with Reid Lifting Sockets and Socket Extensions.

Type of Equipment: Portable Lifting Davit or Slewing Jib Crane

Identification: Named according to individual maximum lifting capacity e.g. PORTA-DAVIT 500 has Working Load Limit WLL500kg, with unique serial number applied to each sub-assembly.

National Standards: B.S. 7333 1990 – Slewing Jib Cranes
B.S. 2573 Part 2 – Rules for the Design of Cranes

National Regulations: The Supply of Machinery (Safety) Regulations (2008) (S.I. 2008 No. 1597).
The Provision and Use of Work Equipment Regulations 1998 (S.I. 1998 No. 2306)
The Lifting Operations and Lifting Equipment Regulations 1998 (S.I. 1998 No. 2307)

European Directive: Machinery Directive 2006/42/EC

Harmonised Standards: EN 292 Part 1:1991 Safety of Machinery – Basic terminology, methodology.
EN 292 Part 2:1991 Safety of Machinery - Technical Principles and specifications.
EN 795 Class B: 1997 – Protection against falls from a height – Transportable, temporary anchor devices

Notified Body: Lloyd's Register Verification Limited, 71 Fenchurch Street, London EC3M 4BS United Kingdom.
LR EC Distinguishing No. 0038; Certificate No. EC06/00002

Place of issue: Chepstow, United Kingdom Signature: *N. P. Battersby*

REID Lifting

REID Lifting – the best night's sleep in the lifting industry:

- Systems are type tested at NAMAS accredited laboratories
- Full product design and development Technical Files are available for inspection
- Lifting Equipment Engineers Association (LEEA) full membership
- ISO9001 quality management systems accreditation
- ISO14001 accreditation environment management systems and standards
- OHSAS18001 occupational health and safety management accreditation
- Certification of products by relevant recognised bodies - from sockets to systems
- Safe assembly, use and maintenance manuals and training are available for all systems
